Lady Catherine - Congratulations on the award! As being a participant in one of your educational events 2 weeks ago I can only imagine all you have done to earn such an award. The energy and effort you put forth in the event still amazes and humbles me. I am still reaping the benefits of what i learned about myself and in general from that weekend. I see what others are doing with the knowledge and self empowerment they have gained as well and quite honestly I feel honored to have been there and to secretly share in the joy of what you have taught and what they have gained. Thank you for your energy, your compassion, and your very giving heart.

Sincerely,
cheryl
